GURRAM PRAVEEN KUMAR

Hindupur, Andhra Pradesh | B.Pharmacy Graduate | Open to Work

praveenkumarpandu8519@gmail.com | LinkedIn Profile

PROFESSIONAL SUMMARY

B.Pharmacy graduate with a strong academic foundation in pharmaceutical sciences and practical exposure through an academic research project and scientific publication. Interested in entry-level opportunities in Clinical Data Management, Clinical Research, Pharmacovigilance, Regulatory Affairs and related healthcare operations. Familiar with clinical research concepts, clinical data management fundamentals, medical terminology, pharmacovigilance concepts, regulatory awareness and MS Office. Strong communication, documentation, analytical and teamwork skills.

CORE SKILLS

- **Clinical Research:** Clinical trial fundamentals, protocol concepts, informed consent, AE/SAE awareness, ICH-GCP fundamentals
- **Clinical Data Management:** CRF/eCRF concepts, EDC concepts, data validation, edit checks, queries, data cleaning, discrepancy management and database lock concepts
- **Pharmacovigilance:** Adverse event concepts, drug safety awareness, medical terminology and safety-data fundamentals
- **Regulatory Affairs:** Regulatory documentation awareness, clinical-trial regulatory concepts and basic Indian regulatory awareness
- **Data & Office Tools:** MS Excel, MS Word, PowerPoint, sorting/filtering, IF/IFERROR, COUNTIF/COUNTIFS, VLOOKUP/XLOOKUP, Data Validation and Pivot Tables
- **Professional:** Communication, teamwork, analytical thinking, documentation and attention to detail

EDUCATION

Bachelor of Pharmacy (B.Pharmacy)	SVU College of Pharmaceutical Sciences, Sri Venkateswara University	CGPA: 8.5
Intermediate (12th)	Sri Chaitanya Educational Institutions, Vijayawada	907 / 1000
Secondary School (10th)	Vailankanni Matha Vidyalaya School, Hindupur	9.2 / 10 CGPA

ACADEMIC PROJECT

Formulation and in vitro characterization of Casein–chloroquine complexes as a natural taste masking system with pH-responsive drug release

- Investigated casein as a natural protein-based excipient for taste masking of chloroquine for potential pediatric application.
- Prepared casein–chloroquine complexes using fresh cow milk as the natural protein source followed by acid-induced casein precipitation.
- Evaluated the complex under simulated salivary and gastric conditions to assess taste-masking behavior and pH-responsive drug release.
- Used UV–Visible spectrophotometry for chloroquine estimation and evaluated drug-release behaviour.
- Recorded physical characteristics including off-white appearance, curd-like texture, casein precipitate formation and filtration/drying behavior.

PUBLICATION

Precision Oncology in Hematological Malignancies: Pharmacogenomics for Enhanced Therapeutic Efficacy and Diminished Toxicity

Review article covering the role of pharmacogenomics in improving therapeutic efficacy and reducing treatment-related toxicity in hematological malignancies. Article approved/published in 2026.

CERTIFICATIONS & PROFESSIONAL LEARNING

- Clinical Data Management — Learntoupgrade, Certificate of Free Webinar
- Pharmacovigilance — Learntoupgrade, Certificate of Free Webinar
- Additional learning in clinical research, clinical data management, pharmacovigilance and regulatory affairs

- Excel skills relevant to clinical data review: VLOOKUP/XLOOKUP, IF/IFERROR, COUNTIF/COUNTIFS, Pivot Tables, Filters/Sorting and Data Validation

RELEVANT KNOWLEDGE

- Clinical research lifecycle and clinical trial phases I–IV
- ICH-GCP principles, ethics, informed consent and participant protection
- Clinical Data Management lifecycle: collection, validation, query management, cleaning, reconciliation and database lock
- Electronic Data Capture (EDC) and Medidata Rave concepts
- Medical terminology and MedDRA hierarchy awareness
- CDISC, CDASH and SDTM fundamentals
- Basic SQL and data-integrity concepts including ALCOA+ awareness
- CDSCO/DCGI and Indian clinical research regulatory awareness

CAREER OBJECTIVE

Seeking an entry-level opportunity where I can apply my B.Pharmacy knowledge, clinical research learning, analytical skills and documentation abilities while developing expertise in clinical data management, clinical research, pharmacovigilance or regulatory affairs.

ADDITIONAL INFORMATION

Availability: Open to work | **Career level:** Fresher | **Location:** Hindupur, Andhra Pradesh
